Thank you, Brian, for the update. I updated my clients and managers. The OSCs will contact Jymalyn directly to update her on the depth profile sampling and coordinate splits. Regarding the resident visits from the OSCs, we'll hold off contacting them until end of this week, so that they have the chance to receive your letter first.

Hope you had a good weekend,
Marianne

Marianne,

Sorry for the delay, I've cc'ed Jymalyn and her cell phone number is 334-590-7010. Please pass that along to your supervisor. We will be interested in splitting some samples, but Jymalyn needs to understand the scope of the work before we can make a final decision.

Also, we are sending out the letter to our clients regarding clean-ups. As we discussed yesterday, if you can wait until the end of next week, that would allow our communication to reach them.

Thank you and I hope you have a good weekend.

All the best,

Brian
